

# Editor, Army officer receive degrees

Vol. 14, No. 151

Tuesday, May 8, 1962

Provo, Utah

EDWIN B. CANHAM

## Bill vetoed, Senate

one bill making the band the official band of the school was reported to the Senate.

President Hellesen vetoed the bill. It returned to the Senate where it would be necessary. Hellesen's majority vote move to make the band the official band of the school.

Hellesen did not take any action planned in the future. Hellesen is attempting to swear in new President Sydney Smith. Hellesen said he had vetoed the bill because of ambiguity in granting the band a substantial number of privileges. Hellesen said the band would not be made a part of the school.

REGULARLY scheduled meeting is Monday night 288 JKB. Approved student body will be the subject. Monday meeting was held before a motion to adjourn. It was necessary to adjourn there was no longer a quorum.

## Peterson named editor of Daily Universe for year

Dr. A. Ronald Peterson, editor of the Daily Universe, was announced Monday by the Student Publications Board.

Peterson, a senior next year, is a journalism major with a minor in political science. He is from Bakersfield, Calif.

A. R. PETERSON

Honorary doctorates will be awarded a noted editor and a retired Army general at commencement, it was announced today by President Wilkinson.

EDWIN B. CANHAM, editor of the Christian Science Monitor, will receive the honorary doctor of literature degree and Maj. Gen. Robert B. McClure (USA ret.) will receive the honorary doctor of laws degree.

President Wilkinson announced last week that President Hugh B. Brown, second counselor in the First Presidency of the Church, will be awarded the honorary doctor of humanities degree.

COMMENCEMENT exercises will be conducted May 25 at 7:30 p.m. in the Fieldhouse. Baccalaureate services with President Brown as speaker will be held May 24.

Mr. Canham, who gained a printer's ink background in his father's newspaper shop in Auburn, Maine, received his education at Bates College and at Oxford University, England, as a Rhodes scholar.

IN 1930 HE covered the London Naval Conference and began service as the Monitor's Geneva correspondent. From 1932 to 1939 he was chief of the paper's Washington Bureau, then rose to positions of news editor, managing editor, and finally editor in 1945.

GEN. MCCLURE, who retired in 1955, served for many years as commander of Fort Ord, Calif. In this position he often was referred to by visiting superior officers as the "finest training commander in the United States Army."

Through his planning, leader-

ROBERT B. MCCLURE

ship schools were established in all infantry training centers in the United States.

Chaplain Ben F. Mortensen, a former BYU football star, related that on several occasions Gen. McClure in his orientation to new troops would ask the Mormon missionaries to arise. He then would say to the rest of the regiment, "Men, take a good look at these Mormon missionaries. Make their acquaintance. Follow them. Do as they do. These men will be your leaders."

Prominent also in civic affairs, he has given much time to the Boy Scout program, fund raising for public improvement, and development of boys' clubs and servicemen's centers to combat idleness and delinquency.

## Dress standards to be modeled

"Everything's Coming Up Roses" is the theme of the first AWS Dress Standards Committee fashion show to be held Wednesday, from 12:30 to 1:30 p.m.

It will take place in front of the Smith Family Living Center facing the quad.

According to Dana Morris, publicity chairman for the event, the show will feature a combo and singing entertainment. This show has been especially planned to give coeds an idea of appropriate dress for all school events.

## Application forms out for awards

Intercollegiate Knights are offering applications for 11 Service Award Scholarships, including two full-time and nine one-semester scholarships for 1962-63.

THE SCHOLARSHIPS are available to both men and women students, announced Gordon Peters, IK chancellor.

Application forms will be available beginning today in the IOC Office, Clark Student Service Center.

Completed applications must be turned into the IK box in the IOC Office by May 10, said Peters.

THE AWARDS are given to students on the basis of service to the school and the Church. Any student who has served the school and has maintained a 2.5 grade point average is eligible.

## Book winners receive cash

Three students were awarded cash prizes Monday for their outstanding book collections. They were winners of a contest sponsored by the Library and the Bookstore.

LeGrand Baker, junior from Provo, had the best collection of books including religious titles. His collection was entitled "Development of Mormonism." He was awarded a \$50 gift certificate from the Bookstore.

In the best collection excluding religious titles, Terry Warner, freshman, Pleasant Grove, took first place with his collection of "Early Existential Writing." Warner also received a \$50 gift certificate.

A group of "A Chinese Language Collection," topped top award in the best paperback collection category for Nick Andrews, junior from Grangeville, Idaho. He was awarded a \$25 gift certificate from the bookstore.

## Spring grades to have plus-minus markings

by Jeanette Palmer  
Universe Staff Writer

Final grades using plus or minus in addition to a letter grade will be permanently recorded on the students' records in the registrar's office this semester.

FACULTY MEMBERS this spring voted almost unanimously to accept this system in which a plus or minus grade will be added to every letter grade with two exceptions. There will be no A plus nor will there be an E plus or minus.

The grading system has been under discussion for some time by faculty and administration. They said this method pleased the students and is more advantageous for them because it gives them more possibilities of grades.

Faculty and administration are in favor of it because they say it is a more accurate system for measuring what a student is doing, what he knows, and what he has justly earned.

STUDENT OFFICERS first presented a formal request for such a grading system to B. West Belnap, dean of students. After discussions and meetings by faculty and administration the proposal was referred to the general faculty to vote on the proposal to be considered on a trial basis. Since it was just as easy to record the grades, a fin-

al ballot was made through the mail to all the faculty who voted almost unanimously in favor of adopting the system permanently this semester.

According to Vice President Earl C. Crockett, this system will have little effect on grade point averages this semester and in the majority of the cases it will raise students' GPA's. The only case where it may be a disadvantage is the straight 4.0 students or A student who actually has been doing a minus work.

Naturally his GPA could go down slightly. It was stated. If a student is doing a minus work

See p. 4 for editorial comment.

the new system will show the actual work he is doing; therefore, it is a more accurate system of measuring, President Crockett said.

STUDENTS transferring with this grading system will have no problems but instead it will be to their advantage, it was reported. A key on the transcript of credits will show the equivalent of grade point average.

The basis for figuring GPA's under this system is as follows: Three-tenths of a point will be subtracted from the whole number for each minus. For each plus, four-tenths of a point will be added to the whole number. This would result in the following refinements:

ANY A WOULD equal 4; A minus, 3.7; B plus, 3.4; B minus, 2.7; C plus, 2.4; C minus, 1.7; D plus 1.4; and D minus, 0.7.

The A plus will not be given because the A or 4-point grade system is standard in the nation. Students going on from BYU with grade averages exceeding four points might find difficulty in the evaluation of their GPA's by other schools, the administration said.

IT HAS BEEN pointed out in previous faculty meetings that over a period of several years the refined system would average out because students would be receiving both plus and minus grades which would in part offset each other. In order to offset a C minus a student would have to earn a C plus. Under the present system in order to offset a D, a student must earn a B grade with equivalent hours.

The new system will not affect the university's regulation that requires a 2.0 grade average to graduate, President Crockett stated.

## Elder Dyer to give devotional

An assistant to the Twelve Apostles of the LDS Church and former president of the European missions will speak at Wednesday's devotional.

Alvin R. Dyer, recently released as European mission president, will speak at the 10 a.m. assembly in the Smith Fieldhouse.

LARGELY SELF-TAUGHT, he completed a correspondence course in mechanical drafting and technical engineering, and then (1925-33) was a sheet metal journeyman. He has owned his own company which he sold to become mission president, and was a high school baseball star.

While on his last mission he was inducted as an honorary chief into the Caddo-DeLaWare Indian Tribe by Church members.

FOR TOP COLLECTIONS—Receiving cash prizes for their prize winning book collections Monday were (from left) LeGrand Baker, Terry Warner, Nick Andrews.

## Lecture series to feature exec for Kennecott

J. P. O'Keefe, general manager of Utah Copper Division of Kennecott Copper Corporation, will be the final speaker today in the 1962 Executive Lectures series.

Mr. O'Keefe will discuss "The Copper Industry" at 4:30 p.m. in 184 Knight Bldg. Executive Lectures is a project of the College of Business. The meetings are open to the public.

**THE FAMOUS** open-pit mine at Bingham has brought more wealth to Utah than any other single business organization, and Mr. O'Keefe moved into its top management post from the comptroller's position.

The Utah executive is a graduate of Fordham University. He is chairman of Junior Achievement of Utah, Inc., administrative chairman of the University of Utah Medical Center Fund and a member of the Board of Governors of the Salt Lake Chamber of Commerce.

J. P. O'KEEFE

## Mrs. Spencer Kimball to talk at AWS meeting

Mrs. Spencer W. Kimball will be the featured speaker at the AWS-sponsored Annals of Achievement Wednesday at 7:30 p.m. in the multi-purpose area of the Smith Family Living Center.

Entitled "Reflections," the annual event is designed to honor all BYU coeds. Evelyn Christensen, chairman, said that at this special "Women's Night," a girl from each class and college is singled out for recognition.

**ALSO HONORED** are the members of social and service units, dorm and house presidents, senior residents and City Coed officers.

This year the new AWS Senior Activities Council will be announced at Annals. White Key, honorary service unit for senior girls, will tap new members.

Following the event, a reception will be held to which all BYU girls are invited.

## HOMEWARD BOUND IN MAY

## Student blood donations start for Red Cross

AFROTC cadets and Angel Flight are sponsoring the semi-annual Red Cross Blood Drive beginning Tuesday and until Thursday.

Students and citizens of Provo are encouraged to donate, said Lt. Col. William J. Gibson, professor of air science. Donations will be taken in the basement of the Smoot Building all three days from 10 a.m. to 3:45 p.m.

"Approximately 80 percent of the total Red Cross blood donated in Utah County is given by BYU students," said Col. Gibson.

**DONORS SHOULD** weigh 110 pounds, be in good general health, and be free from a history of malaria or jaundice. Every precaution is taken by the Red Cross to safeguard the health of the donors.

Trophies will be given to units in housing, service, and social divisions. A traveling sweepstakes trophy is also awarded. Last fall's winners were Spurs, Budge Hall, Kappa Debs, and the ROTC Rifle Drill Team. Spurs will keep the traveling trophy permanently if the unit wins again this spring.

**STUDENTS BENEFIT** from this program, said Col. Gibson. The university becomes officially recognized as a Red Cross Blood Bank supporting activity and students are eligible to draw blood for personal use or for use by their dependents.

## City Coeds call for girls to help in leadership jobs

Interested in student government? If you are, City Coeds may have a place for you.

City Coeds, the "dorm" organization for girls living off campus, is interviewing coeds for area leaders. These leaders, the equivalent of dorm presidents, supervise the girls in a defined area, according to Carrie Corless, AWS publicity officer.

**THEY ALSO** work with AMS leaders in planning activities for all off-campus students. Those interested in area leadership can sign-up for an interview and pick up an application blank in the AWS office.

Interviews will be held Monday from 6 to 7 p.m. and Wednesday from 7 to 8 a.m. in the AWS offices. Girls who can't make an appointment may call Linda Babb, ext. 4108, or Kay Rogers, FR 3-1867.

This lively Homecoming Queen hails from Chardon, Ohio, and will be a Jeep drive this year.

## Ridders look good pre-season warmups

Byansen  
Sports Writer

BYU football will embark upon a journey into conference joining Utah, Wyoming, Arizona, and New Mexico in the new Western Athletic Conference for Cougar football fortunes, this step could mean the frying pan into the fire. But before season this Cougar team and sell your season tickets take a look at the prospects for this year's football team.

**32 FOOTBALL** Team should be an exciting one as the use of the two preseason games and an early season game will be run off before the fans who will see what they saw.

The Cougars have devised a new unnamed offense based on the single wing, but with many variations and the attack. To run this offense, the Cougars need a player in which to make this offense click for Wildcat Fortie running at the tailback slot back. Transfer student Mike Santiago, the Cougars are to be a solid nucleus at tailback, not forgetting that he worked the crowd with his dazzling run in the Day game.

**WITH KENT** Nane running out of the fullback line with Butch Ogawa and returning letterman who feel the Cougars will not be hurting at the position.

**ENBACK** position also looks strong with formation Merkle and Rick Ashmore running out of the back.

Long, a junior, is presently holding down the line back supported by Gordon Blackham. The senior which has hurt the Cougars in the past and come to plague them in the new conference is the line. The Cougars are able to hold on to the pigskin, all a tough team to contend with this coming season.

**THE** biggest problems the Cougar football will have to cope with is the lack of beef on the line. No one says the Cougars have not had a game and in the past years, but lack of beef has helped the Cougars to wear the line down and riddle the offensive line.

Thoughts beef up the line and continue to display the spirit that they have shown in the past, the Cougars will have to reckon with the BYU. This is not how the BYU will win the first conference championship. They were WAC, but, the opposition should...

## Rodeo team takes first place at Ricks

Byansen  
Sports Writer

BYU rodeo team returned to second place at their fourth place finish.

The team proved to be a strong team at the Ricks Rodeo as they finished in the first place in their division.

After roped her way through the event, she placed over the leading horse in the event in the Mountain Region.

**IRIANE** Clark won the rodeo award at the rodeo, placing second in the event and third in the event, Lillian DeLoe placed in one of the goat tying competition in barrel race.

in the Idaho city pinches sky high and difficult to all the riders. The winds, Den- captured first place rode with a time of one minute finished fourth and now leads the event. To top it all, a fifth place in the event.

Huston managed to place in the Cougar half roping while Weaver bucked in the bull riding.

**TEAM** now awaits Saturday when they will have their home rodeo. The show will get under

way at 8 p.m. at the Provo Rodeo Arena with teams throughout the region competing. The rodeo continues Saturday with the gates opening at 2 p.m. University students will be admitted with their activity cards while the public will be charged \$1.25 for adults and 75 cents for children.

## Cat golfers meet Ags

In preparation for the Skyline Conference meet which will be held here the 25th and 26th of May, the BYU golf team has been holding inter-squad competition at the Alpine Country Club which will be the site of this year's competition.

To date the Cougars have a 3-1 record, the loss being to Utah. Today the Cougars will match woods with the Farmers of Utah State. Wednesday will see the linksters traveling to Montana for a return match with the Grizzlies on Friday. If the Cougars should win these two matches and beat Utah on May 18 they will go into a two-way tie for the Western Division Conference.

Friday's results against Idaho State: Torres (BYU) vs. Blaine 3-0, Tracy (BYU) vs. Mooney 11-11. Torres-Tracy (BYU) against Blaine-Mooney 3-0. Hone (BYU) vs. Arbuckle 1-21. Peterson (BYU) vs. Cook 2-1. Hone-Peterson (BYU) against Arbuckle-Cook 2-1. Final score 121-53.

## Baseball team hosts Utes today, other sports activity on road

Except for a mid-week baseball game and track meet, all BYU sports activity will be on the road this weekend as the Cougars confine their competition to league play.

**A BASEBALL** game with Utah, one that was rained out earlier this season, is scheduled for the Y's home field Tuesday

afternoon at 2:30, and Clarence Robinson's track squad hosts Montana Wednesday afternoon at 3:30 in Cougar stadium.

But as far as other weekend activity is concerned, the Cougars will be traveling.

Glen Tuckett's ball team, defeated in seven league games, is scheduled to meet Montana in

a double-header Friday in Missoula. The golf and tennis units will also be competing in Missoula the same afternoon, and the track team will motor to Salt Lake City Saturday for a crack at Utah.

**AS USUAL**, the BYU track and field contingent stands the best chance of winning by a large margin. In their last outing, Saturday at Pocatello, they won the Intermountain AAU team championship with plenty of points to spare.

The depth of the Mountain Cats is just too much for the Utes, who will win a number of blue ribbons but are not expected to offer much of a threat on a team basis.

**SOME OF** the better events of Saturday will pit top performers from both schools in the javelin, 440, 880 and mile relay.

In baseball the Cougars stand 7-0 in league, and could all but sew up the division title with the three games this week.

## Thinclads eye Montana after Idaho AAU win

BYU's steamrolling track and field team added another jewel to their crown as they capped first place in the Intermountain Track and Field championships in Pocatello last weekend. Wednesday the Cougars will attempt to maintain their Skyline supremacy as they meet Montana State in a dual meet here.

**IN POSTING** the team championship in the AAU meet, the Cougars displayed too much depth and individual talent for the rest of the field, as the Cat thinclads more than doubled their nearest competitor, Utah, and outdistanced the remainder of the field and were always in control of the situation. Team scores ended with BYU 738, Utah 34, and USU 21.

Although the win was a team effort, solo performances were the highlight of the meet. Larry Kelly, top Cat sprinter, posted double wins in the 100 and 220. Bob Cowart and Lou Andrus teamed to sweep the high jump, and Matti Raty, Emmett Smith, and Bill Marchant won their specialties as the meet turned into a run-away for the deep and strong Robinson-coached cindermen.

**IN THE MEET** slated for 3:30 Wednesday, the Cats should have their way again as the Silvertips from MSU have only proven partially effective in their track campaign.

Heading the list of Grizzlies who will be trying to show their heels to the Cats are Steve Anderson, sprinter; Phil Dwight, distances, and Butch Hendricks, javelin.

**LAST YEAR** THE Cougars

romped to a 73-50 win over the "Tips in Missoula, and will be looking for a good showing before the home fans as they prepare for their defense of the Western Division and Skyline Conference Championships. In their last year of existence, The New Mexico Lobos, will be pressing the Cougars hard, and the next few meets are important as the Cats sharpen up for the showdown.

Published Monday through Friday during the academic year except during vacation and examination periods by the Associated Students of Brigham Young University, Second class mail privileges authorized at Provo, Utah. ## Shhh-grade change in

Once again the administration is traveling on quiet cat's feet.

**THIS TIME** the news is of grades. And it is going to be as much a surprise to many students as the tuition-fees hike announced in Monday's Daily Universe.

Contained in a recent faculty bulletin was the unassuming little notice that the plus and minus system of grades is going to be in effect this spring. It won't be on trial and it will apply permanently to the transcript records of every student.

**WHEN THE MOVE** was first approved by the faculty in March, it was decided to put the plus and minus signs on all grades but only on a trial basis. These would not be applied to the actual grades in the records office.

When it was learned the admissions and records office could adequately undertake such a grading system this spring, the administration decided to make the switch now and for real.

**WAS NOTICE** of such a move forthcoming? Did the faculty administration announce to students they would have a new system of grades to work under with this system to become a permanent part of their records?

They did not. They waited, giving Daily Universe staff members another opportunity to ferret out information and learn how to delve for story facts much as a pearl diver searching for gems. This is extended experience, but we remain wonder what would have happened if newspaper staffers had not spotted the information.

**TO BE CONSIDERED** a student is normal. We are students. And because of the way we sometimes behave, it is normal that faculty and administration occasionally take a dim view of our maturity.

But we believe that people strive to become what others think they are.

**FOR THIS REASON** we appeal to the administration to consider the students of BYU as mature young adults, capable of hearing about and learning to deal with such facts as grade changes and administrative experience, but we remain wonder what would have happened if newspaper staffers had not spotted the information.

Writing in a recent issue of *Niemann Reports*, a professional journalism publication, John M. Harrison, a teacher at Pennsylvania State College, states, "Unfortunately, other considerations come ahead of education in the minds of some college administrators today. They have come to regard students almost as a nuisance, who get in the way of the perfectly functioning administrative machine. They are not so much concerned that students shall have an opportunity to whet their critical faculties as that students shall have an opportunity to rock the boat at all."

We don't believe that such an administration functions here. BYU is not headed by men such as this paragraph describes. But, if students continue to receive little consideration in the decisions which affect them, such a thing could come about. It must be prevented.

## 'Wizard of Oz' presentation to start today

The "Wizard of Oz" a fantasy by Frank L. Baum, will be presented at two performances Tuesday in the Provo High School Auditorium.

The play is produced and directed by Buddy Younggreen with the cast composed of BYU students. Performance times are 4 and 8 p.m. Tickets will be sold at the door for \$1.

All proceeds will go to the Utah County Mental Health Clinic, according to Younggreen. Lynne Beers stars as Dorothy, the little girl transported by a cyclone to the enchanting land of Oz. She travels to the Emerald City to find the Wizard of Oz, who is the only man who can send her home to her native Kansas.

A Scarecrow, Buddy Younggreen, Tin Woodman, Tommy Skokke, and Cowardly Lion, Rudy Gomez, accompany Dorothy on her journey. They also wish to ask favors of the Wizard.

The play has previously been presented in Springville and Pleasant Grove.

## Foreign speaker picture U.S. as leading Russia

An essential, positive view of the country's future was pointed out Monday as necessary by foreign speaker Earl L. Butz, dean of agriculture at Purdue University. He has served as assistant secretary of agriculture.

Scattering humor liberally throughout his speech, Dr. Butz emphasized the college student's responsibility as a leader in his chosen profession, and in learning to live together within our country.

**HE STRESSED** that America's universal design and its economic, social, and political freedom has kept it far ahead of Russia or any other country

in nearly any and every category.

"To 'catch up' with us as some insist that we would have to cut production 2/3, tear up every 15 miles of highway, eradicate thousands of miles of railroad track, more than 40 million sets, and put about 40 of our total labor back on farms. Then we would have Russia," he said.

**DR. BUTZ** stated that profit-seeking countries, come closest to the ideal: plenty for every classless society.

"This type of system, your support," he pleads.
